

Instruction for classes (exercises) Nordic Swan

Guidelines for exercises

1. Provide introductory notes about Nordic Swan Ecolabelling of Goods and Services (10 minutes)
2. Divide classroom to 3 working groups
3. Assign to each group one of the following topics
 - a. Circular Economy and Product Circularity
 - b. Circular Economy aspects in the Nordic Swan Criteria for Goods
 - c. Nordic Swan and Innovative Forms of Consumption and Production
4. Each group (student) should read the following document (Suikkannen (2017), *Circular economy and Nordic Swan Ecolabel*) and search information related to particular topic (15 minutes)
5. Each group prepare summary of findings (10 minutes)
6. Each group will present summary to other groups (3 x 5 minutes)
7. Final discussion and concluding remarks (e.g. Role of the Nordic Swan Ecolabelling in Circular Economy) (10 minutes)
